

DEPARTMENT 107 – POULTRY

1. Each exhibitor is limited to 10 entries.
2. Cage rent of \$0.50 per day will be charged and collected on entry day.
3. The exhibitor must verify the date of hatching and the date of purchase and location that the birds came from. The exhibitor must own all poultry for at least 2 months before the fair.
4. The Wisconsin Department of Agriculture, Trade and Consumer Protection (DATCP) is waiving certain poultry testing requirements due to a shortage of an antigen used for testing. As a result, poultry owners do not need to test their birds for the pullorum-typhoid disease while the waiver is in effect.
5. Birds should be treated for mites prior to the fair.
6. Any bird showing symptoms of sickness will be removed from the showroom and cared for and the exhibitor will be notified.
7. **Cages, dishes for water and food, and water are furnished by the fair. Feed is not provided; you must bring your own. Each exhibitor is responsible for caring for his or her animals.**
8. Precautions will be taken to guard against accident or loss, but in no case will the fair be responsible for loss or accident from any cause.
9. So far as possible, all single entries will be cooped singly, but the fair reserves the right to coop two specimens in a single coop if necessary.
10. Exhibitors and visitors are prohibited from handling birds other than their own without the consent of the owner.
11. The judge will be authorized to disqualify any bird he feels is unworthy as an entry.
12. All awards will be made by comparison. The judge will use the latest American Standard of Perfection as a guide.
13. Immediately after the awards are made, a card stating the premium will be placed on the coop and must remain there until the close of the show. No names, advertising matter, or decoration will be permitted until after the awards are made. No one may bring in other birds to sell without the superintendent's permission and those birds must also meet the qualifications of point #4 above.
14. Terms used are defined as follows:
 - Cock – a male bird hatched before January 1 of this year
 - Hen – a female bird hatched before January 1 of this year
 - Cockerel – a male bird hatched on or after January 1 of this year
 - Pullet – a female bird hatched on or after January 1 of this year
15. Exhibitors need to keep their birds watered and fed and they must keep their trays and the floor under the cages clean daily.
16. No birds may be removed before 5 PM on Sunday.

All 4-H Poultry exhibitors must be on hand for conference judging. Please see the judging schedule for date and time. Members will show their exhibits when the classes are called, and the judge will give reasons for the placing.

Poultry project members may also enter Department 110, Animal Science Projects, Class I.
